

The Texas Hospital Association presents:

CareLearning.com

...web-based courses and tracking system for healthcare professionals.

Health & Safety Compliance Courses Produced by Education Interface*

Features automated and easy record keeping!

If you are looking for a better, more efficient and cost effective way to educate and document competency for their employees annual 'mandatories', than look no further. CareLearning has developed an Internet-based solution to help you comply with the health and safety training required by JCAHO and OSHA. These professionally produced modules feature lively animation and narration.

TARGET AUDIENCE

This series is targeted for all healthcare facilities and their employees who need to meet JCAHO and OSHA mandatory training requirements.

CareLearning's Health and Safety Compliance Training (Available as Series Only):

The series includes 12 courses for one annual fee based on the number of employees: \$10 per employee for the first 1,000 employees (\$2,500 minimum required), \$5 for each employee over 1,000. The prices above are for hospitals that are members of their state hospital association. Nonmember prices are \$5 more per employee. The above cost provides each user with access to the 12 courses listed below for one year.

- Age Specific Care
- Blood Borne Pathogens
- Disaster Preparedness
- Electrical Safety
- Fire Safety (R.A.C.E.) or (S.A.F.E.)
- Hazardous Communications Plan
- Moving and Lifting
- Patient Rights
- Restraints & Seclusion
- Slips, Trips, and Falls
- Standard Precautions
- TB Prevention

To access a course, or view a course description, go to www.CareLearning.com and click on the Course Catalog. Click a course and follow the easy step-by-step instructions to register and pay for the course. If you are interested in purchasing courses for multiple users in your organization, please contact Laura Cornelson at lcornelson@tha.org or (512) 465-1015.

What is CareLearning?

CareLearning is a non-profit organization formed by over 35 state hospital associations to provide its members with quality, cost effective education and record keeping. The organization launched a website-- www.CareLearning.com-- to provide web-based courses and a learner tracking system for healthcare professionals. While individuals can access most courses on their own, hospitals and healthcare organizations will want to consider participating as an organization and bulk enrolling its employees.

Questions???

For more information, or to take a demo course, go to www.CareLearning.com. You can also contact Laura Cornelson at lcornelson@tha.org or (512) 465-1015 to get more information, or to arrange for a CareLearning presentation.

System Requirements

To view the Health & Safety Compliance courses you will need access to the Internet with any connection above 56K. Dial up modems will not result in a positive experience. Also required is an up-to-date Web browser such as Netscape 5+, Internet Explorer 5+, or AOL 5+; Windows 98, 2000, ME, NT, or XP; and Flash or Shockwave Plugin.

*Education Interface has been offering support and training solutions to the healthcare industry for over a decade.
