Dane Altman  
Jackson Physician Services

Dear Dane,

I wanted to thank you and Jackson Physician Search for the excellent work you did in finding us 3 Family Physicians in a 6 month period. Specifically, thank you to Jonathan Craig, the recruiter assigned to our account. Recruiting in rural Texas can be tough and challenging, but Jonathan worked very hard to find us the right doctors that were best suited for our community.

It was important that we work with a recruiting firm that would keep us updated and would communicate to us how the search was progressing. We had weekly update calls with Jonathan and he kept us abreast of everything that was going on in the search.

We are very excited about the 3 new doctors that will soon be joining us and I would highly recommend Jackson Physician Search for anyone that has physician recruitment needs.

Sincerely,

A handwritten signature in blue ink that reads "Rebecca McCain".
